New Meat Market

Franc KING has opened a Meat Market on South Chestnut Street in Hays.

This institution is NOT a BUTCHER-SHOP. It is purely a Meat Market, where nothing is done save the carving of the carcass and its sale to the people.

It is the most sanitary, clean, up-to-date Meat Market in Western Kansas.

We invite the public AT ALL TIMES to inspect our market thoroughly. Yours for Cleanliness

Some of the new teachers at the State Agricultural college are announced and the Board meets there July 18th. In the list we note H. E. Douge Prof. in Dairy Husbandry to be in charge of the dairy farm project at the Ft. Hays Exp. station.

Our Harry L. Kent, director of the Correspondent courses, to the Principalship of the new school of Agriculture. Many were hoping he would be sent here as the Prof. of Agriculture to succeed Prof. Main.

And now students of our State Normal are to always remember patriotism and the new Regents have ordered, commencing Sept. 1st, that the National Flag shall float from the school building Every Day the school is in session, instead of on holidays & special occasions, as heretofore.

The Board have also announced their policy on the term of office and salary question. As it starts a new idea on the control of the Educational Institutions naturally they had to discharge every employee from President down.

Men are hired on their ability to do the required work, not hired for a day or a year, but so long as they give satisfaction and earn their pay.

Politics will cut no figure from President down and employees are servants of the whole people and not expected to take any active part in political matters, while personal feelings in business or religion must cut no figure in their school duties.

(The Free Press and some of our neglected business men will insist on this being carried out.)

On the Salary question the new Administration Board had nothing to do with the appropriations so must cut their garment according, giving the present salaries. But they start an entirely new system. No longer a question of 'years of service' 5, 10 or 20 years cuts no figure or cause for an increase. BUT Ability to do the work, improve in the work, that will be a cause for increase in salary. Anyone not coming up to the standard will have salary reduced or dropped out.

With the present administration the state schools will be run on a business basis for the benefit of the whole state just as Governor Hodges hires men in his lumber yard for the benefit of his firm. As the old Free Press has claimed the schools are to be run purely on the question of Ability.

The WATER SUPPLY for our city has become a serious question. There MUST be used 25,000 gallons a day for the sewer system. These pipes MUST be kept flushed all the time to preserve the health. We have the system and can get clear of it. The City well can furnish that and for the house use, and what is needed for irrigation of lawns and gardens.

A new source of additional supply must be found, the closest at the least cost, for no bonds can be carried, at some point on the high bank of the creek. And the nearest spot is at the old bridge at the Thomas hedgerow.

The main big water pipe runs from the tank south on Fort street to the Normal avenue corner. From there it is just 2000 feet to creek bank; the Board of Administration will give the permission to put a well there, one of present pumps taken there and water in abundance.

Ordinance No. 645.

First published July 12, 1918. An Ordinance prohibiting sprinkling, ejecting or throwing water from any private or public sprinkler, washer or hydrant of the water works system of the city of Hays, providing penalty for violation thereof, and repealing section 22 of Ordinance No. 538.

Be it ordained by the Mayor and Council of the city of Hays:

Section 1. It shall be unlawful for any person or persons within the city of Hays to sprinkle, eject, or throw water from any private or public sprinkler, washer or hydrant of the water works system of said city, except for the extinguishment of fire. Any person or persons who shall be convicted of the violation of the provisions of this ordinance shall be fined in any sum not exceeding ten dollars, shall pay the costs of prosecution and shall be committed to jail until such fine and costs are paid.

Section 2. That section 22 of Ordinance No. 538 be and the same is hereby repealed.

Section 3. This ordinance shall take effect and be in force from and after its passage and publication.

Approved H. W. CHITTENDEN

COMMISSIONERS PROCEEDINGS

Hays, Kansas, May 31, 1913 10a

The board met pursuant to adjournment members present, Isaac Zeigler Chairman Wm. Grabbe Joe J. Kulina, Commissioners and P. V. Gottschalk, County Clerk.

The Commissioners allowed Look-out Township one span of bridge 30 feet long across a certain draw between sections 20 and 29 township 15, range 18, provided the Township furnish all rock for the abutments.

And now on this 13th day of April 1913, and at the April meeting of this Board comes J. H. Simminger and presents the petition of certain persons praying that certain territory as therein described by metes and bound and being parts and parcels of the unincorporated villages of Victoria and Herzog in the State of Kansas, be incorporated as a City of the third (3rd) Class, under the name and style of "The City of Victoria," and further therein showing and setting forth.

That said territory, contains a population of more than Two hundred and less than Two Thousand.

That the signers of said petition constitute a majority of the Electors and Taxpayers of said territory, and are in favor of said incorporation and that the said request is reasonable.

And further presents to the Board satisfactory proof that said petition has been published as required by law.

And thereupon cause certain remonstrances by their Attorneys, C. W. Reeder and E. A. Rea, and present to the said Board their remonstrances in words and figures as follows to wit:

Before the Board of County Commissioners of Ellis County, Kansas.

The proposed incorporation of the Town of Victoria.

Now comes C. W. Reeder and E. A. Rea, representing 243 people who have signed remonstrance against petition for such incorporation and object to any hearing on said petition for the reasons that said petition is not a legal one;

It does not describe by metes and bounds the territory proposed to be incorporated;

It does not state the number of inhabitants within the territory proposed to be incorporated;

It does not state the number of taxable inhabitants within said territory or within said proposed incorporation. C. W. Reeder and E. A. Rea, Attorneys for Protestors

And the said board after hearing the evidence adduced and arguments of Counsel overrules the objections; And thereupon the Board ordered that the further hearing of said petition be continued for the purpose of having the County Surveyor, survey and report upon the metes and bounds, as modified by said Board;

And now to wit:—This 31st day of May and at the April meeting of this Board to which time this cause by continuance duly had come on for hearing, the petitioners appearing by their Attorneys J. H. Simminger and A. D. Glikson the Remonstrants by C. W. Reeder and E. A. Rea, their Attorneys.

The Board after hearing the testimony and being fully advised in the premises finds and is satisfied:

First: That a majority of the Taxable inhabitants of the territory sought to be incorporated are in favor of such incorporation.

Second: That the prayer of the petitioners is reasonable.

Third: That the number of inhabitants of said territory exceeds 200 and does not exceed two thousand.

Fourth: That due and legal publication of the said petition has been made and had, viz: by printed notices posted in twelve (12) places conspicuously in the said territory, there being no newspaper printed or published in said territory.

It is therefore considered ordered and adjudged by the Board, that the territory hereinafter described being portions of the unincorporated village of Victoria and Herzog aforesaid be and the same are hereby incorporated, as a city of the Third Class, by the name and style of "The City of Victoria," bounded and described as follows and constituting the Corporate limits of said city, to wit:
